

A PROMISE Broken

The reason we are having problems with other “religions” in this country is because we have breached the terms and conditions of our [Mt Sinai Bilateral Social Compact Agreement](#) with Jesus Christ ([1 Cor 10:4](#)), in which we PROMISED to always be a national [religion-based](#) society whose doctrines and behavior would be founded upon the [Ten Commandments](#) and the [Seven Holyday Statutes](#).

If we won't keep that PROMISE, then all efforts to fight the agreed-upon [CURSES](#) for said breach actually constitute a [further breach](#) of that covenant's [TERMS](#).
