

## The FIRST FRUITS

**The FIRST FRUITS are the most important people on earth today.**

The total destruction of the earth and mankind is prevented because of these people.

These people are called the "elect", those specially chosen by the Father from ALL nations to become the Bride who marries His Son on Pentecost.

They then become the Holy Nation that fulfills Holyday #3, Pentecost, the Spring Harvest of the Kingdom of God on earth.

Other articles on this site explain this more fully ([Holyday #3](#), [The GIFT](#), [The HIGH PURPOSE](#), [The WOMAN](#))

However, the focus of this article is to try to describe the **prevalent character traits** of these people using biblical references.

What are these people like?

Where in each nation might they be most likely located?

What is their social status?

What are their values?

What is their lifestyle?

How are they being treated by others?

How does God view them?

What distinguishes them from other people?

By answering these questions, it should be easier to identify and connect with those whom the Father may be calling to become these very special FIRST FRUITS.

The FIRST FRUITS are now the main target of the attack being waged against all nations in the name of public health and the greater good.

Satan must murder these FIRST FRUITS in order to thwart God's plan for them to fulfill Holyday 3, Pentecost.

Since these people will come from every nation on earth ([Rev 5:9-10](#)), Satan had to devise a campaign that was global in scope. A pandemic is a perfect cover for such a campaign.

Satan intends to murder everyone except 500 million in order to get to these FIRST FRUITS (see [Georgia Guide Stones](#) proclamation of INTENT).

Just as Satan had Herod murder all of those innocent children in Bethlehem in order to prevent Jesus from fulfilling Holyday 1 as the Passover, likewise today Satan has all of the governments of this world murdering all of these innocent people in every nation on earth in order to prevent any followers of Jesus from fulfilling Holyday 3 as the FIRST FRUITS elect who will save mankind from total extinction ([Mt 24:22](#)).

So the world needs to recognize and protect these FIRST FRUITS in order to save the entire world from complete extinction as prophesied in [Mt 24:22](#).

This global crisis today is all about **Holyday 3** and the **FIRST FRUITS!**

There is an underlying spiritual dimension unfolding now as Satan attempts to destroy all of mankind in his war against God and His Plan to reproduce Himself (Gen 1:26) with mankind.

Today's news must be framed as "**The battle for the survival of The FIRST FRUITS**" in order to truly understand what is really going on.

But to be truly and completely successful Satan knows that he must murder these people SPIRITUALLY and not just physically, because Satan knows that these same people, if faithful to God spiritually until they die, will eventually come back to life as the FIRST FRUITS in the first resurrection on Holyday 4, the Feast of Trumpets, when Christ returns and joins with them to defeat Satan at the Battle of Armageddon (Rev 5:9-10; 14:17).

Therefore, Satan's campaign to murder these FIRST FRUITS must include an element of SIN which he knows will separate their connection to God (Isa 59:2) and disqualify them from becoming part of the FIRST FRUITS (Rev 3:20-21) that fulfill Holyday 3.

So then, what kind of SIN has Satan successfully used in the past to cause God's people to sin?

In [Num 25:1-9](#), there is a record of how Satan successfully destroyed God's people by getting them to commit immorality and idolatry by joining themselves to Baal-Peor. This idolatry involved "sacrifices to the goat-idols", which included murderous "child sacrifices" to Molech "the detestable idol of the sons of Ammon" (Lev 18:21, 20:2; Jer 32:35; 1 Kg 11:7; Acts 7:43).

Now we see many people today unwittingly performing these same kind of "child sacrifices to Molech" in the form of committing abortions. This practice constitutes murder since God recognizes a person exists even before they are born ([Jer 1:5](#); [1 Jn 3:2](#)).

So this is why Satan is so desperate to getting everyone involved in abortion and thereby making them complicit with murder when they take any benefits associated with abortion or any of its by-products (see attached below).

Such complicity will taint and thereby disqualify these people from becoming part of the FIRST FRUITS. It will separate them from God ([Isa 59:2](#)).

Therefore, those who resist such COMPLICITY will become targets of great hatred and abuse by Satan and those in this world whom he controls.

But, those who are of God ([Jn 8:47](#)) will recognize them as the potential FIRST FRUITS who are worthy of praise and protection as the elect who will prevent the extinction of mankind by Satan.

Therefore...
